22.30*		23.15
00.30		01.15

*To use the boat service please ensure you are in the car park **15 minutes before the boat departure time**. The crossing takes around 40 minutes. In the unlikely event of adverse weather, the boat may be suspended (at the captain's discretion). Site vehicles will always prioritise new arrivals with luggage, children and the elderly, so please be patient.*

*Transport and the boat service are **only** available to owners (and their guests) who are up to date with management fees and are carrying Resort Passes. **Failure to present a Resort Pass will result in services being declined. It is your responsibility to carry your Resort Pass at all times and staff will refuse services where passes are not presented.** Note, we have an arrangement with the marina to allow their marina customers to use the boat, subject to carrying a Marina Pass.*

**Please note, to ensure the boat is not overloaded a 2nd boat will operate alongside the 22.30 crossing during peak season (Fri 14/07 to Sat 31/08), as necessary.*
